# LIFE LESSONS

Success in life is determined, not by what you face, but how you react to it. Too often, when overwhelmed by disappointments, adversities, failures, ridicule, or opposition, people collapse in an emotional heap confessing the negative words, "I can't!" This book will challenge you to instead announce, "I can!"

Author, Carrie Doyle Jones, shares her own personal struggle with deafness and Central Auditory Disorder, but most importantly, her decision to rise above her challenges. Instead of saying, "I can't!" she often confessed, "I can!" and boldly proceeded to overcome her obstacles, one-by-one, believing that "with God all things are possible!" (Mark 10:27).

So, why write a book about these things? Because Life Lessons are meant to be shared. The way one person overcomes can awaken in another the same kind of determination and faith that are keys to winning. Get ready for your breakthrough!
